

## **Proposed Resolution Statement for Guided Pathway work during the summer**

1. Whereas: Effective decision-making and collegial work is best accomplished with the input of all staff constituencies on campus (Faculty, Classified, Management)
2. Whereas : The business of the college continues over the summer because managers and classified staff are required to work throughout the summer, but the full faculty are not involved because faculty are not required to work during this time
3. Whereas: Faculty time and expertise are of great value to the campus over the summer period

Be it resolved : That the ASC of CCC

1. Management and classified staff should avoid making substantial decisions affecting academic or professional matters over the summer, and must include representatives of the ASC in any substantial decisions that must be made.
2. Faculty who wish to participate in collegial work during the summer should be offered compensation by management along with the invitation to do the work.
