Hi Katie.

Mike can give you more details, but I just wanted to let you know that Beth has been involved in the discussions about these positions. We've developed these positions with input from the Academic Senate President, Distance Ed committee, and other relevant stakeholders.

I apologize for not communicating with you earlier. Please feel free to touch base with me, Mike, Tish, or Kelly for more information.

Thanks.

Subject: Re: OERI Coordinator Position

Good morning all,

I don't have a clear idea of this position. My first question is who is on the OEI committee and how does it fit into our governance structure, and if it doesn't - how should it?

My second question is the context for this position. Has someone written a letter of introduction to the purpose of this position and how it fits into the priorities of the college? Have I missed this missive?

Finally, the ASCCC has communities of support for many many initiatives and projects, but I don't think it's correct to imply that any college HAS to do something because of that body.

I'd love additional perspective on this position. It seems unclear to me at the moment.

Hi all.

My only question is: Are we saying 30% release time or 25%?

Folks,

I have made the final edits suggested by everyone and this is ready to post. I added a link to the ASCCC OERI page that has many resources for folks to read about and learn how they can help lead the way for CCC.

I was thinking Seretha could send this out, cc'ing Lynette Kral, we asked for interested folks to contact them.

Jason, can you give this one last review and then send it to Seretha to send out?

Thanks all! I am logging out for the next 11 days! See you all the week of the 12th!

Tish
