

There are three co-chairs to the DVC Guided Pathways Steering Committee – each of them will receive .25 reassign time for co-chairing.

The steering committee has identified sub-groups – one of the sub groups is ‘clusters’ – we’ve already done a lot of preliminary work of organizing our disciplines into clusters; we have 8 of them. Each cluster will have two instructional faculty and one counselor assigned as leads – each of them will get .25 reassign time as well.

So! 8 clusters x .75 total for 3 faculty @.25 = 6.00 reassign time for the cluster sub group – that’s 6 full time faculty equivalent in load, which doesn’t include the steering co-chairs reassign time.

I’m sure they’ll be other reassign time assigned as we (steering group) develop the other sub groups charge and function –we’re already meeting twice a month, so I’ll keep you posted.
