

Nexus Calendar

Welcome to Contra Costa College! These activities will help you get oriented to our services, departments, offices and staff. The majority of the activities will be scheduled on specific Fridays throughout your first year (usually early afternoon). Other activities, such as the District and Service Area tours are offered at the beginning of Fall and/or Spring semester. Some activities may be available multiple times throughout the year as scheduled by the Professional Development Office or a committee. NOTE: Some activities are mandatory during the first year of employment; others are mandatory within the first two years of hire. Use this sheet to track your hours as you complete them.

Develop eLumen trainings for 3 groups: New faculty who will be the chair of the department from the first semester / new faculty (non-chairs). Or should it be different trainings for courses, SLOs, and program review? Repeat every two years?
