

CONTRA COSTA COLLEGE
Department Discipline Equivalency Statement
Astronomy/Physics/Engineering/
(Approved by the Contra Costa College Academic Senate Spring 2016)

Physics/

1..MS in geophysics, applied physics, mathematical physics, astronomy, physical chemistry, material science, electrical engineering, chemical engineering, mechanical engineering, environmental engineering, structural engineering, civil engineering, bio engineering, or computer engineering.
 AND
 PhD. in geophysics, applied physics, mathematical physics, astronomy, physical chemistry, material science, electrical engineering, chemical engineering, mechanical engineering, environmental engineering, structural engineering, civil engineering, bio engineering, or computer engineering.

2. BS in geophysics, applied physics, mathematical physics, astronomy, physical chemistry, material science, electrical engineering, chemical engineering, mechanical engineering, environmental engineering, structural engineering, civil engineering, bio engineering, or computer engineering.
 AND
 MS in geophysics, applied physics, mathematical physics, astronomy, physical chemistry, material science, electrical engineering, chemical engineering, mechanical engineering, environmental engineering, structural engineering, civil engineering, bio engineering, or computer engineering.

Department Chair: Jon Celesia **Date:** 8/16/16

Division Dean: Ghada Al-Masri **Date:** 8/16/16

Equivalency Committee: Wayne Organ **Date:** 8/16/16

Richard Ramos **Date:** _____

Chris Tarp

Beth Goehring **Date:** Aug 12
