- ❖ Advisor Report:

- There are three main committee that we should be on safety, budget, and operations these are the committees that we definitely need student input.
- Another is we as the ASU board should make a list of requirements that the new CCC president should have and hopefully we can make that list by Thursday with a least 4 requirements.
(Myra)
- Since we have recently gotten rid of the president and the vice president of CCC and because of that many people say it because of racism sparking the conversation of systemic racism.
- The faculty and classified staff will come together and decide what should be the qualification of the next CCC president.
- Because of that we need to make sure that the president reflects and understand and has the qualification needed to better represent the people of this school. Alfredo motioned to extend this meeting by 20 minutes

- The Stac meeting we had last week I met Chancellor Wood and he has been more than happy to come to the campus and discuss important topics.
- Also there was this idea of having some sort of health care on campus, but the main problem will be the money that will be required to make this functions. If this was On DVC it will require around 7 million dollars. The only problem is all the money required to make something like that happen.
- Another idea is for a space for Minorities to go to and this can be something that can be across all the community colleges.
- Also we need to have a member of the ASU to sit on the committee for deciding the new CCC president. And giving a voice to the student and Mojta will be the interim president for 6 weeks. And I will be attending a meeting with the foundation board this coming Wednesday.
- Also we have a regional board consisting of schools over the region 3 which we are in. Since my constrains make it very difficult for it to happen I hope some on the board will be able to sit on the board.
- It will be great to make a calendar to discuss ideas that we can do for events on campus. We can have an event every last Thursday of the month.

We will be having an emergency meeting this coming Wednesday 4 to 5:30
