HIS Stem

- **Support Request for high school STEM connections**
- **The high School stem connections aim to promote STEM around high school in the district.**
- **The student that take part of the high school STEM program are at least at the math level of Pre-calculus after they are done with the program.**
- **This program has also made it so that student that are doing well in college and the children that are doing not so good in college can be part of this program.**
- **This program gives students college credits, school supplies, textbook loans, and reduced lunch. When they are taking their classes during the fall or summer.**
- **This program aims for school that are in a socioeconomic background and students that might have a difficult time progressing through school. The main point is to make sure that the students have opportunities that some other students from other schools might have.**
- **The program has a projection that they will be able to contribute 1440 dollars for CCC since they will allow more high school students that will enroll in CCC.**
