

President's Cabinet

McKinley Williams

Notes from Emergency Meeting

February 13, 2006

**President's Cabinet Emergency Meeting
Monday, February 13, 2006
11:30 a.m.
President's Conference Room**

Present: Benny Barnes, Terence Elliott (via phone), Mariles Magalong, McKinley Williams

Absent: Gigi Green, Carol Maga

1. Mack called an emergency meeting in order to review and discuss the building prioritization list that was comprised from campus votes, in hopes of a new bond. He needs to report the College's prioritization to the Vice Chancellor of Facilities in preparation for the special Board Meeting on Wednesday, February 15, 2006, hence the emergency meeting. The list was already discussed at College Council last week. Mack explained that the list would go forward to the district but was subject to change depending on the seismic report findings due this March. Buildings may be moved up the list depending on the outcome of the seismic report. Also, the appropriate staff at the district office may make revisions due to their knowledge and expertise.

The President's Cabinet members approved the list as stands:

1. Physical Science Building
2. Art Building
3. Music Building
4. Biology Building
5. Gym Annex
6. Humanities Building
7. Liberal Arts Building
8. Men's Locker Room
9. Women's Locker Room
10. Student Activities

The meeting adjourned at noon.

Respectfully submitted,

Melody Hanson
Senior Executive Assistant to the President
