How the Longwood scholarship will help me to complete college.

I hope that the Longwood scholarship committee would invest in me for the future of my education. I have been enrolled in Contra Costa College since 2010 and have been very successful in maintaining good grades and showing up to my classes. I am a member of the business club and have been a member of the Christian club. I enjoy being here Contra Costa College. I am on-time to all my classes and help my fellow classmates with their homework. I have been giving rides to students to make sure that they get to school. I also have volunteered at the Bay Area Rescue Mission working in the kitchen and helping to feed the homeless. I have a 3.5 grade point average and have always kept it up above a 3.0. I would like to transfer to a University next year and I need help paying for college. I am a mom with a seven year old son. I am on Social Security and the money that I have helps get me through each month but I don't have enough money saved up at the moment to pay for all my books and gas money and I really need the help.

College has taught me many things about my God, my community and myself. I have learned that perseverance and seeing projects through is respected in the community. I have set goals for my future, goals that will help shape the community for the better. God has shown me how to apply the fruits of the spirit to my school work to produce a bountiful harvest.

My goals for the future are to first finish my transfer requirements by next spring if possible. I need Biology, Spanish, Critical Thinking, Economics and Finite Mathematics. This

coming semester I will be working on Economics, Statistics, Spanish and Accounting. I then plan to transfer to Cal Berkeley or Cal State Eastbay. I am going to earn Bachelors in Business Administration.

Someday I would like to open a home for young women who are in need of placement coming from group homes. I hope to help them fulfill their dreams and enroll in college. I was in group homes from the age of 15-19 years of age and I know how scary it can be to be told one has to leave and with no place to go. I pray to be able to keep girls from such a situation and off the streets.

I have been through quite a bit going through groups homes and I am now a mother raising a 7 year old son. I am determined to see him grow up having all the love and support he needs as well as education. I am 35 years old and I am on Social Security. I have been enrolled in college for three years now. I have volunteered at the Bay Area Rescue Mission and my Occupational Work experience was done there for Coop 170. I enjoy seeing people happy to have a home and helping them by giving them the gospel brings me joy. I think sharing the word is the best part of the Mission and I am glad to of served God there.

I am truly happy with my progress and I think my grades say a lot about the type of person I am and about the kind of study habits I have.

I was in group home schools most of my High school term and as a result I went to Literacy for Every Adult Program (L.E.A.P.) here in Richmond CA. in 2009-2010 at the age of 29 and earned my G.E.D. while raising my son who at the time was 2 years of age.

I am a church member in Richmond and I am looking forward to joining a worship team.

Thank God and God Bless you.

Sincerely, Jeanette Hirtle.
