Tigner (LAVA)	
Where We Are:	Review of status of the CurricUNET SLO Module
Reviewed the flow of the new CurricUNET SLO module. Individual SLOs, Aggregated by Course, Program SLOs, SLOs Aggregated by Program, Institutional SLOs, SLOs Aggregated to ILOs, PLOs Aggregated to ILOs. Not complete: Administrative SLOs, AUOs Aggregated by Program, AUOs Aggregated to ILOs. Question: What do we do with SLOAs while we wait for CurricUNET?	
Review of Outcomes:	What are outcomes and why do they matter?
Objectives need to be clear and measurable. Activities need to be clear and directly associate with an objective. Outcomes should be directly related measuring the accomplishment of the objectives. Assessments are comparing the outcomes to the objectives to see what may need to be changed.	
Review of Institutional Learning Outcomes:	What we have learned and what we need to work on
The current 17 CCC Institutional Learning Outcomes are based upon the IGETC standard, which is not pertinent to many programs, particularly in non-transfer and administrative area. The previous 8 ILOs were still fairly program specific. Most other colleges have fewer, simpler outcomes. Based upon the terms community and the subgroups of education, an interpreted set of ILOs would be: <ul style="list-style-type: none"> Provide and encourage the members of our community to gain: <ul style="list-style-type: none"> • Practice knowledge through abilities, information, and judgement; • Communication skills using verbal, auditory, written, and visual forms; and • Awareness of themselves, their community, and the world about them. 	
Questions?	
<ol style="list-style-type: none"> 1. Where are the current SLOAs vetted through the divisions and administrative units to use for Program Review? 2. How do we educate and share best practices on Objectives, Outcomes, and Assessment? 3. Using the interpreted ILOs, by division/administrative unit, review and make suggestions that could be directly reflected by the outcomes of administrative units, programs, and courses. 	
Next Meeting:	October 18, 2-2:30PM, CTC-127
