Student Learning Outcomes / Administrative Unit Outcomes Committee Minutes

Tuesday, August 15, 2017
CTC-131

Welcome: Randy Watkins (Coordinator), Greg Ponomareff, Monica F. Flanders, Ellen Coatney, Beth Goehring, Nick Dimitri, Jason Berner, Tish Young, Miguel Alvarez	I have missed quite a few meetings. I would like to go over what has happened in my absence.
No meetings after my leave-of-absence Spring Break 2017.	
Current Status:	We have 114 assessments so far. I need to teach people about Naming Conventions and leaving assessments in Draft. I have covered it in meetings, divisions, and it is online. What more can I do?
*Add Semester Year to Naming Conventions *Suggestion to remove **Launch** from assessments.	
Changes to CurricUNET SLO Module:	CurricUNET is now CurrIQunet. They have updated the software. I have found bugs in the Ad Hoc Reports. Has anyone else had problems?
Trouble ticket submitted for missing System Model option in Ad Hoc reports.	
Training on SLO Development and Assessment	I have been informed that many academic employees other than new hires need help with Course Objectives, Assessments, and Outcomes. How best can I teach these people?
Training Ideas: • Some people like to try on their own but need internal help • SLO Training Office Hours • Small groups / SLO Leaders • Video/Screen Captures • Video Conferencing	
Questions?	
Miguel wanted to know if there was any AUO Training? Not yet.	

Next Meeting: Thursday, September 19, 12:00 AM, CTC-131
