	<b>Next meeting</b>	November 3, 2016

### ILOs (Institutional Learning Outcomes)

The knowledge, skills, abilities, and attitudes that students are expected to develop as a result of their overall experiences with any aspect of the college, including courses, programs, and student services. ILOs are designed to help guide individual departments and disciplines in the development of student learning outcomes (SLOs) for programs and courses and services, and to help shape the decision-making processes of the college.
